

Discovering the Adult Baby in you - the joys, the struggles, the highs and the lows.

The end of ABDL – a personal story

At this time of Easter, we often focus on the end of one thing and the beginning of something else. The story of the Easter Resurrection is of course, all about the end of sin and the beginning of salvation.

This new article is one that has come to us from a subscriber and friend and talks about his own personal journey through ABDL from early years til now. It is a compelling story that would mirror so many of our own journeys.

I highly recommend that you read this article and judge for yourself what 'ends' and 'beginnings' really are.

FOCUS ON...

'The Joy of Bedwetting'

This book is a very unusual one, especially for us. Written by a life-long bedwetter, it treats bedwetting as a positive thing. It has received rave reviews and is available in PDF, Kindle and full-colour print paperback.

Containing many photos and chapters on a wide array of sub-topics, you will certainly find this a different and challenging book full of information and data.

The Author, Forrest Grant also has a large collection of wet bed photos (no children!) for sale on the website. If you order the PDF version of the book here, we will send you the picture collection for free and has just been updated to 2300 photos!

Written in 2017 to superb reviews, this book is available to ABDiscovery subscribers only for a low price of \$8.90 in PDF format plus the picture collection, direct from us.
