

*Discovering the Adult Baby in you - the joys, the struggles, the highs and the lows.*

*Don't we all know how it is to feel little inside and instead have to wear a mask around with us all the time until we found the place where we can be who we are inside. Thank you to Aaron for this beautiful poem.*

### **Rosalie's illness**

The past two weeks have been daunting for us both with Rosalie being hospitalised for nine days with a very serious heart complaint.

Rosie will still be tweeting, but probably not answering many emails for a while, but Michael will be.

Pray for her full recovery.

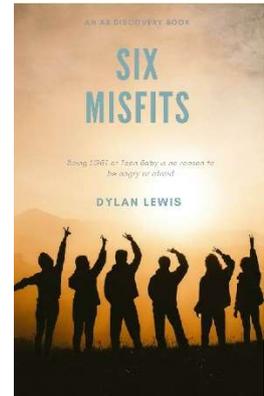

You can send your good wishes to [Rosalie.bent@gmail.com](mailto:Rosalie.bent@gmail.com)

*I recently spent nine days in hospital and as many of you would know, they are boring places punctuated by tests and doctors. For much of the time I read... and read... and read. I like action stories and ones that leave me feeling happy, especially when in hospital where sadness abounds and, in my case, three people on my floor passed away while I was there.*

*As part of my 'coming home' I would like to offer you the chance to read a fabulous novel – **Six Misfits** – and enjoy it as much as I did for just 99 cents.*

*Marcus Lawson's life was a mess and always had been. Nothing had turned out right and once again, he was alone and feeling bereft of hope. At times, he turned to his beloved diapers for comfort and they worked... for a while, but the solution to everything was further away than it had ever been. Until that night...*

*That fateful morning, Marcus awoke to a new reality. He was not only in diapers, but in baby attire, sleeping in a baby nursery. He felt very different. He looked very different. His world was very different. And then his bedroom door opened and someone walked in. The first words that left his mouth were 'mumma!'*

*Marcus was definitely not in Kansas anymore, but he was in diapers.*

*From the mind of Wilbur Forsyth, a new novel about Adult Babies and how it just could be one day... maybe. COMING SOON*
