

Mom, Where do Adult Babies Come From?

Discovering the origins of adults who are still babies

Life goes on and the lockdown continues to various degrees for most of us. So, perhaps it is time to take a survey! You know you have the time!

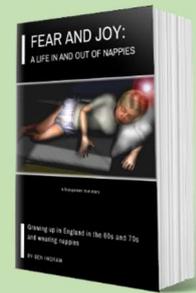

From a fairly young age, most ABDLs had a small idea that something was 'different' in us from our friends and family. We didn't know what it was exactly, but as we got older, we discovered diapers, a drive towards babying and much more.

We have a new survey that explores the early years of our 'baby feelings' and how it developed over the years and decades.

Join us in filling out this short survey - [The Beginnings of ABDL](#).

For subscribers only, we are offering a fabulous true-life biography by Ben Ingram for just \$2!

"Fear and Joy: a life in and out of nappies" is the true story of young Benjamin Ingram growing up in 60s and 70s England and discovering the tremendous drive and thrill of wanting and wearing nappies. A wonderful illustrated book that so many people relate to.

The AB Discovery Bedwetting competition is still on!

Week three has just begun! It's not everyone's cup of tea, but there are a LOT of ABDLs that still wet the bed and more than a few of them still do it on the sheets at times. It can be a very therapeutic experience for some and part of who they identify as. To that end, in concert with AB Mommy Lillith, we are running a *bedwetting competition* for the month of April. Click [here](#) for full details and be part of it! We even have prizes!

Book sellers are reporting large increases in the sales of books and especially eBooks as so many people are home with nothing to do. And there is only so much TV binge-watching you can do! So, we are trying to make our highly-regarded fiction and non-fiction books available to as many as possible and to that end have four special bulk buying options.

4 book special price (\$12.50)

9 book special price (\$27.50)

15 book special price (\$42.50)

20 book special price (\$57.50)

All of these books are in PDF format and will be delivered by email.

Don't get bored... READ A BOOK (or five!)

Want to hear how other people are handling lockdown?

A few weeks ago, we asked people to fill in our survey on how the lockdown caused by COVID19 was affecting their ABDL and diaper lives. Well, now with almost 200 responses completed, you can find out for yourself. And remember, the survey is still open to everyone to repeat and tell us how anything has changed for you. Results can be found [here](#).

[Forrest Grant](#) is one of our prolific authors, specialising in the topic of Bedwetting. In addition to his superb books, Forrest has also collected 5200+ pictures of wet beds and bedwetters themselves. Maybe you would like to check out some free samples of his exquisite collection?

There are now 200 NEW photos added to the collection!

Thanks for reading this far and we look forward to hearing from you through this time of crisis... and boredom. If you are lonely, drop us a line or say hi on twitter.
